CEDS Project Sheet Instructions

Thank you for taking a moment to tell SCEDD about the project your county and/or municipality is proposing. The project worksheet takes two to five minutes to complete and is meant to give SCEDD's Disaster Recovery Planners a brief summary of the project, for including in the 2021 CEDS. Inclusion of this proposed or in-process project in the CEDS document, along with your county's participation in the CEDS, helps ensure your project is eligible for Federal Funding from the EDA over the next five years.

1 – Project Information

Application information

- Location of Project: name the county your project is located in, and municipality, where appropriate
- Project Address or Location: Physical address or site. If no address please describe location.
- Project lead, government, or organization: Name of entity submitting the project (Ex. Pueblo Arts Alliance or Town of Holly Water District)
- Contact name, phone, and email: Contact information for the person taking lead on this project (SCEDD will be in contact as needed with this representative if more information is needed)
- Current state of project: SCEDD can consider projects at any stage from construction or concept development to reinvestment in an existing project.

Project Data

- Probable project cost: Leave blank if a cost estimate has not been prepared
- Potential funding sources: List all identified potential funding sources including EDA, DOLA GOCO, USDA ect. including match or capital the county and/or municipality can bring to the table
- Project summary Description: Provide a 1-2 sentence summary of the project. More room on back of form under additional comments

2 – Economic Sector

Check all categories the proposed project falls under

Example: A food hall project may include business development, downtown redevelopment, and be located in an opportunity zone

3 – Preparation Information (This portion of the back of form is for SCEDD or Local Economic Directors to complete.)
